

TC4LVA

4" LV TC Airtight New Construction Housing

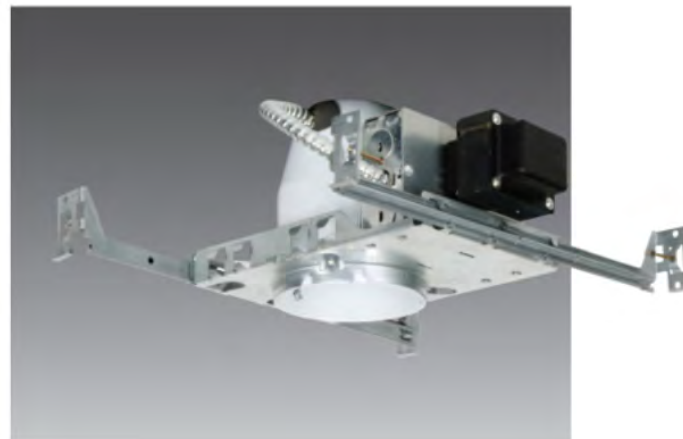

PRODUCT DESCRIPTION

TC4LVA is suitable for use in ceiling where the housing can be direct contact with insulation.

120V integral magnetic transformer steps line voltage down to lamp operation voltage. For lamps up to 75W.

If overheating occurs, self resetting thermal protector deactivates fixture due to improper lamping or misapplied insulation.

Designed for new construction installation.

PRODUCT SPECIFICATION

Plaster Frame

To provide access to the junction box, the housing can be removed from plaster frame.

Junction Box

Contains seven 7/8" knockouts and four Romex pryouts with strain relief. Listed for through branch circuit wiring.

Bar Hanger

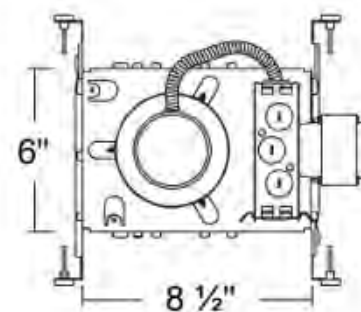

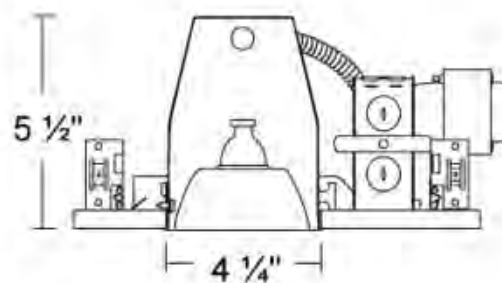

Adjustable from 13-5/8" to 25" and can be repositioned 90 degree on plaster frame. Pre-installed Real nail easily installs in regular lumber, engineered lumber.
